

Notice !

There are two ways to make appointments at our clinic.
One is the time appointment, and the other is the number appointment.
Patients can only schedule appointments by themselves up to one day in advance.
You can book a slot as the time appointment only on the day before the examination.
The number appointment in the morning is available from 7:30 am to 11:30 am.
The number appointment in the afternoon is available from 1:30 pm to 4:30 pm.
The time appointment takes precedence over the number appointment.
You can check your turn on your cell phone or screen in the hospital.
If you don't want to wait in the hospital, you can wait at home.
However, you will not be informed when it is your turn to be seen. Be careful not to miss it.
Thank you for your cooperation. Please ask us if you have any concerns.
